We have wonderful news for you!

Dear Teachers,

We have a wonderful gift to share with you! Our generous donor is supporting colloquy students for another year! The Borland Colloquy Scholarship Program allows us to provide each new student who enrolls in the next round of colloquy classes with an Old Testament Scholarship of $769 for the first class in colloquy, as well as a Borland Scholarship of $275 for each subsequent class in the program.

For Old Testament, the “Total Due” on the invoice to the student will read $0.

For the other seven courses in the program, the “Total Due” on the invoice will read just $494.

Of course, if your district, congregation, or school is also able to help you with tuition, this final cost can be even lower.

This scholarship is available to all teachers who enroll in colloquy classes beginning in July 2019. You can get the ball rolling by submitting the online application found at www.cuenet.edu/colloquy.

Finally, if you are already in the program and you wonder whether you will continue to receive the $275 Borland Scholarship for the courses you have left, the answer is “Yes!”

We hope that you will help spread the word to your colleagues who could benefit. If you or your fellow teacher has been thinking about entering colloquy to receive a call to your position, now is the time to begin the program!

We thank our gracious God for the generous gift which makes this scholarship program possible, as well as for the continuing scholarship support provided by members of the Next Generation Society. God is good!

In Christ’s service,

Heather Stueve, Ed.D.
Director of Colloquy, CUEnet
